

For the installation & removal of the ToxProtect 1402 and the changing of bait

**Part No. 14133**

## Specifications

Material: Aluminium rods with stainless steel connector  
Weight: ca. 3800g  
Dimensions: 400cm in total

## Use

The MoveStick is needed to combine with the VarioFix connector for quick and safe use when changing bait or installing and removing the ToxProtect 1402.

The MoveStick and its adapters have been developed for robust use in the sewage systems.

## Advantages

- **Easy handling thanks to it being lightweight**
- **Can be extended by 1m at any time**
- **Robust construction and durable**
- **Due to the individual components being 1m in length the MoveStick is space saving and can be transported easily**

## Equipment

eBox-Grip	Part No. 14123
Vario-Grip	Part No. 14037
MoveStick-Adapter	Part No. 14142
MoveStick-Extension	Part No. 14143
